**Subject:** Don Davidson: internet domain

---

Dear Don Davidson:

In response to the last question of your previous email regarding page 5 of your contract:

We reserve the right to create such a domain for your book; however, we have not at this time. We do provide authors the following web site [www.publishedauthors.net](http://www.publishedauthors.net) as a Internet marketing tool and a source of information on your book.

Thank you  
Denise
